JULY 2018

FOR ALL PATIENTS

**It's Official — we are OUTSTANDING**

The Care Quality Commission (CQC) is the independent regulator of all health and social care services in England.

As part of their regulatory activities the CQC monitors, inspects and regulates all providers of health and social care services. On the basis of their findings they award ratings of "Inadequate", "Requires improvement", "Good" or "Outstanding" to each provider organisation.

We are delighted to announce that following a routine inspection by the CQC last month we have been awarded the overall rating of "Outstanding".

4% of GP practices in England have achieved such a rating and we believe that our achievement of this grade is testament to the superb staff we have at the practice who are committed to the delivery of first class healthcare - despite the incredibly challenging times the NHS is currently facing.
