

Update on Rosedean House Surgery Expansion

Exciting News! Full ICB Approval for Rosedean House Surgery Redevelopment

Dear Patients,

We have some fantastic news to share! We have received full sign-off from the Integrated Care Board (ICB) for the redevelopment of Rosedean House Surgery.

This is a significant milestone and a major step forward in our plans to create a modern, state-of-the-art healthcare facility that better meets your needs.

We're incredibly excited about this development and are now working through the next steps, including exploring various temporary accommodation options. We'll be sharing more details about the temporary accommodation process and location in the near future.

We know change can be worrying but please be reassured that we will be supporting you and keep you informed throughout.

What does this mean for you as a patient?

For now, there are no changes to your healthcare services. You can continue to see your GP team at Rosedean House Surgery as usual. We will keep you fully informed about any upcoming changes, including the location of the temporary accommodation and how the process will work.

We're committed to ensuring a smooth transition during the redevelopment process and will provide regular updates to keep you informed.

Thank you for your patience and understanding as we work towards a brighter future for healthcare in our community.

Your Feedback Matters

How you can feedback to us

- **Feedback Box:** Drop your suggestions into our feedback box situated in Reception
- **QR Code:** Scan the QR Code below for updates and feedback submission on our dedicated development website

Stay Informed

We will keep you updated on any changes via:
